Authorization and Oversight Process

Oklahoma statute provides direction for the Statewide Virtual Charter School Board in that it was created to have sole authority “...to authorize and sponsor statewide virtual charter schools in this state...” (70 O.S. § 3-145.1)

The duties of the Statewide Virtual Charter School Board are specific:

1. Provide oversight of the operations of statewide virtual charter schools in this state; and
2. Establish a procedure for accepting, approving and disapproving statewide virtual charter school applications and a process for renewal or revocation of approved charter school contract, which minimally meet the procedures set forth in the Oklahoma Charter School Act (70 O.S. § 3-145.3).

In addition, the Oklahoma Charter School Act delegates the following powers and duties of a sponsor of a charter school:

1. Provide oversight of the operations of charter schools in the state through annual performance reviews of charter schools and reauthorization of charter schools for which it is a sponsor;
2. Solicit and evaluate charter applications;
3. Approve quality charter applications that meet identified educational needs and promote a diversity of educational choices;
4. Decline to approve weak or inadequate charter applications;
5. Negotiate and execute sound charter contracts with each approved public charter school
6. Monitor, in accordance with charter contract terms, the performance and legal compliance of charter schools; and
7. Determine whether each charter contract merits renewal, nonrenewal or revocation.

To fulfill these responsibilities, the Statewide Virtual Charter School Board has established an authorizing and oversight process that allows the Board to sponsor schools that meet expected standards for organizational capacity, financial management, and academic performance. This process includes timelines and criteria for both initial and renewal of authorization of Oklahoma virtual charter schools, as well as oversight processes. Expectations to hold schools accountable to the standards are embedded in the following documents and serve as the guidelines to ensure virtual charter schools serve Oklahoma students.

Guidance for the authorization and evaluation process has been developed in four sections that provide direction for initial authorization, oversight and evaluation, renewal of authorization and school closure.

INITIAL AUTHORIZATION

1

Initial Authorization of a Virtual Charter School

In alignment with the Oklahoma Charter Schools Act (70 O.S. § 3-132), the Statewide Virtual Charter School Board will consider authorization of a new school when evidence of the following criteria is established:

1. Evidence of a strong and reliable record of academic success based primarily on student performance data, as well as other viable indicators, including financial and operational success;
2. A sound, detailed, and well-supported growth plan;
3. Evidence of the ability to transfer successful practices to a potentially different context that includes reproducing critical cultural, organizational and instructional characteristics;
4. Any management organization involved in a potential replication is fully vetted, and the academic, financial and operational records of the schools it operates are found to be satisfactory;
5. Evidence the program seeking to be replicated has the capacity to do so successfully without diminishing or putting at risk its current operations; and
6. A financial structure that ensures that funds attributable to each charter school within a network and required by law to be utilized by a school remain with and are used to benefit that school.

To begin the application process for initial authorization by the Statewide Virtual Charter School Board, the applicant must first reflect on the vision and mission of the proposed school. It is not the goal of the Board to simply create schools, but instead to sponsor virtual charter schools with clear purpose. Vision and mission is the cornerstone of a charter school seeking to fill an educational need within the Oklahoma community. The development of key school and program design elements and performance indicators create the roadmap toward fulfillment of the vision and mission.

The following pages provide guidance in the planning, writing, and review of the application for initial authorization. Each component of the application should be distinct in its own right, but with all components related and in alignment and support of the proposed school's vision and mission.

Initial Authorization Process Timeline

- Complete State Department of Education Charter School Training required by 70 O.S. § 3-134(A).
- Application for initial authorization is due to the Statewide Virtual Charter School Board in January, eighteen (18) months prior to first year of proposed operation.

- Prior to the board meetings, the Statewide Virtual Charter School Board will submit notice(s) of the date, time and location to the address of record in application.
- A written notification of acceptance or rejection of sponsorship by the Statewide Virtual Charter School Board will be mailed promptly.

 1. A copy of the sponsor's approved board minutes approving the charter school application;
 2. A copy of the completed charter school application;
 3. A copy of the approved contract for the new charter school; and
 4. A letter addressed to the Office of Accreditation that includes the following:
 - a. A request for the school to be assigned a county code, district code, and site code;
 - b. The physical and mailing address of the charter school;

OVERSIGHT AND EVALUATION **2**

School Oversight and Evaluation Process

Initial School Oversight and Evaluation

The period of time between the authorization decision/approval of the charter contract and the school opening is an important timeframe for the establishment of the virtual charter school. There are required tasks that the school must be complete during these critical months, tasks that will better ensure the successful opening of the school. Statewide Virtual Charter School Board representatives will meet on a routine basis with school leadership to ensure appropriate progress in the establishment of the new school. The Pre-Opening Requirements Template (Appendix B) outlines the types of tasks expected to be completed within this timeframe. The template will be customized to reflect current statute and regulatory requirements, as well as reflect the expectations of the Application for Initial Authorization and Charter Contract.

Routine and Ongoing School Oversight and Evaluation

Oklahoma communities rely on charter school authorizers to set standards that ensure families have access to quality schools. Through a Performance Framework, standards required for organizational capacity, financial management, and academic achievement provide transparency in reporting overall school performance.

The Statewide Virtual Charter School Board provides ongoing oversight and evaluation of sponsored schools through the following practices:

- Data and evidence collection (Appendix C)
- Site visits
- Attendance at governing board meetings
- School website compliance checks (Appendix F)
- Performance Framework Reports (Appendix D and E)
- External school performance review(s)

According to Oklahoma statute, prior to the beginning of the fourth year of the charter contract term, the sponsor shall issue a Renewal Performance Framework Report and charter renewal application guidance to the school and the charter school board. The Performance Framework Reports shall summarize the performance record of the charter school, based on the data required by the Oklahoma Charter Schools Act and charter contract and taking in consideration the percentage of at-risk students enrolled in the school, and shall provide notice of any weaknesses or concerns perceived by the sponsor concerning the charter school that may jeopardize its position in seeking renewal if not timely rectified. The charter school shall have forty-five (45) days to respond to the Performance Framework Report and submit any corrections or clarifications for the report.

The Performance Framework does not negate the responsibility of the Statewide Virtual Charter School Board to take appropriate action on any statutory or regulatory violation or breach of contract deemed by the Board to be of significant nature.

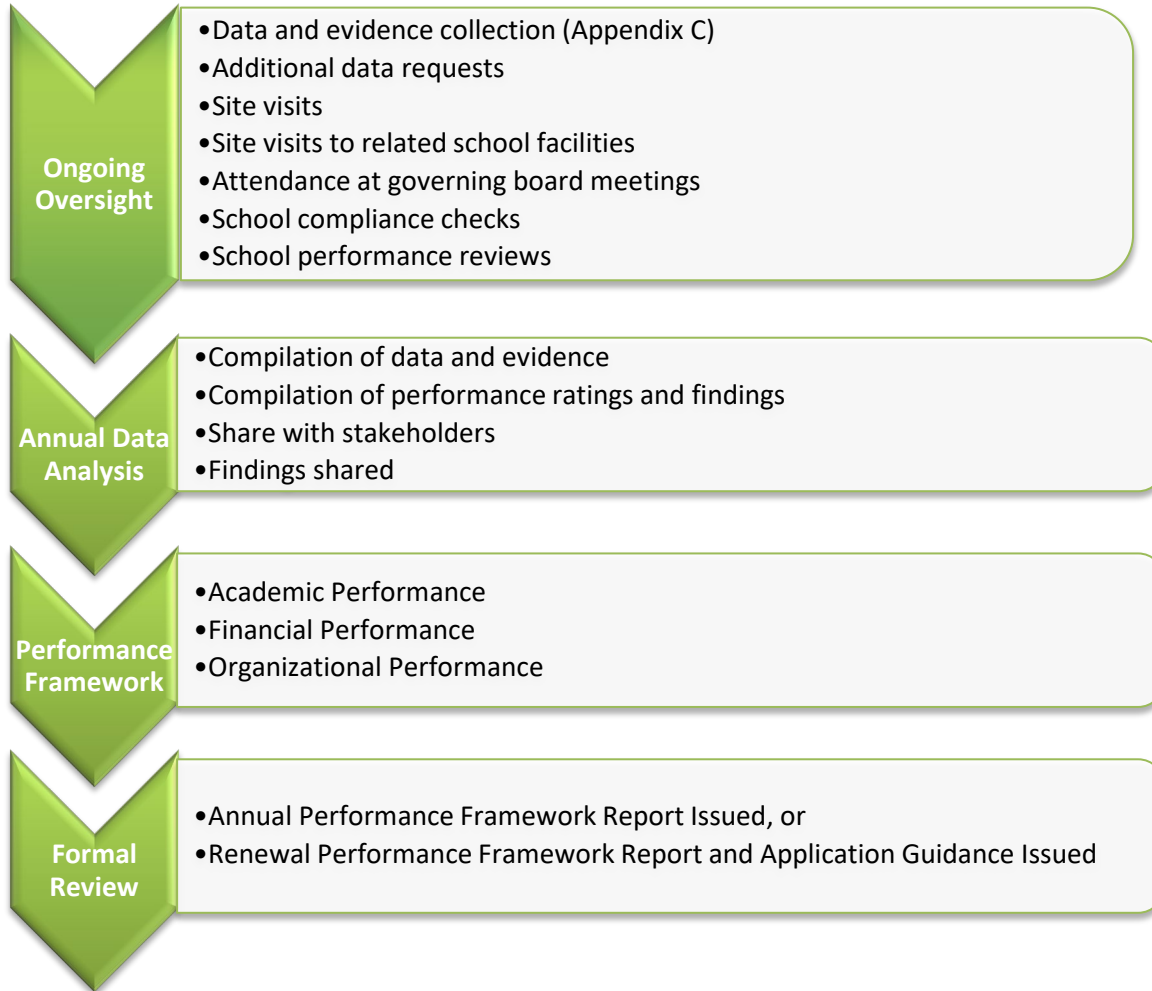

Overview of Oversight and Evaluation

The Statewide Virtual Charter School Board assesses schools on their ability to operate as sound, independent school entities.

Routine Submissions
Throughout the year, schools are required to submit academic, financial, and organizational data. Required submissions are communicated to virtual charter schools via Appendix C of this Manual.
Performance Framework Reports
Each fall an Annual Performance Framework Report is completed for the prior school year. The most recent data for each performance standard will be used to complete the report. In the absence of any data, the standard will be marked Not Applicable.
Prior to the beginning of the fourth year of the charter contract term, a Renewal Performance Report along the authorization renewal guidance, is completed and submitted to the school (70-3-135).
The Performance Framework may be found in Appendix D and E of this Manual.
School Site Academic Ranking
<ol style="list-style-type: none"> 1. Beginning in the 2016-2017 school year, the State Board of Education shall identify charter schools in the state that are ranked in the bottom five percent (5%) of all public schools as determined pursuant to Section 1210.545 of this title. 2. At the time of its charter renewal, based on an average of the current year and the two (2) prior operating years, a sponsor may close a charter school site identified as being among the bottom five percent (5%) of public schools in the state. The average of the current year and two (2) prior operating years shall be calculated by using the percentage ranking for each year divided by three, as determined by this subsection (70-3-145.3).

Oversight and Evaluation Process Description

The Statewide Virtual Charter School Board oversight and evaluation process is illustrated below.

Statewide Virtual Charter School Board

Performance Framework

Introduction of Performance Framework

As mandated in the Oklahoma Charter School Act, the Performance Framework establishes the accountability criteria for virtual charter schools authorized by the Statewide Virtual Charter School Board (70-3-135 (C)).

The objective of the Statewide Virtual Charter School Board Performance Framework is to provide charter schools and governing boards with clear expectations, fact-based oversight and timely feedback, while respecting virtual charter school autonomy. An Annual Performance Framework is issued each year, and a Renewal Performance Framework is issued in compliance with Oklahoma Statute (70-3-135).

Performance Framework Obligations

- Clearly communicate standards and expectations to schools
- Conduct a transparent, consistent, and predictable oversight process
- Focus on school outcomes
- Provide data-based feedback to schools and communities clearly showing where schools stand relative to Performance Framework expectations and standards

The Performance Framework documents may be found in Appendix D and E.

SECTION

REAUTHORIZATION of SCHOOLS **3**

Reauthorization of a Virtual Charter School

In compliance with Oklahoma statute, prior to the beginning of the fourth year of operation within the charter contract term, the Statewide Virtual Charter School Board will issue a Renewal Performance Framework Report and charter renewal application guidance to the charter school and its governing board. The Performance Framework Report will summarize the performance record to date of the charter school and provide notice of any weaknesses or concerns perceived by the sponsor concerning the charter school that may jeopardize its position in seeking renewal. The charter school shall have forty-five (45) days to respond to the Performance Framework Report and submit any corrections or clarifications to the report.

Prior to the beginning of the fifth or last year of the charter contract, the charter school may apply for renewal of the contract with the sponsor. The renewal application guidance outlined in the Oklahoma Charter School Act and in this section of the Manual provides opportunity for the charter school to present additional evidence, beyond the data contained in the Performance Framework Report, supporting its case for charter renewal, describing improvements undertaken or planned for the school, and detailing the plan for the next charter term for the school. The application process allows for assessment of the school's performance record and culminates with a decision by the Statewide Virtual Charter School Board regarding the school's renewal.

The renewal of sponsorship process seeks to answer these questions:

1. *Is the school faithful to the foundation of the school charter contract?*
2. *Is the organization effective and well run?*
3. *Is the school financially viable?*
4. *Is the academic program a success?*
5. *Does school leadership and the governing board engage in strategic planning that results in school improvement?*

Reauthorization decisions are grounded on evidence regarding the performance of the school over the term of the charter contract. In compliance with the Oklahoma Charter School Act, the at-risk student population is also considered.

Virtual charter schools authorized by the Statewide Virtual Charter School Board that receive a score of seventy-five (75%) percent or higher calculated over the course of the charter contract term on the Performance Framework will result in renewal of authorization for a five (5) year term should the governing board of the charter school choose to submit a letter requesting reauthorization. In this situation, an application would not be required. However, the letter requesting reauthorization must be submitted in compliance with the Reauthorization Process Timeline.

Reauthorization Process Timeline

- Prior to the beginning of the fourth year of operation within a five-year charter contract, the sponsor of the school will issue a Renewal Performance Framework Report and renewal application guidance to the school and the governing board.
- The charter school shall have forty-five (45) days to respond to the performance report and submit any corrections or clarifications for the report.
- At least one (1) year prior to the expiration of the charter contract term, but no earlier than eighteen (18) months prior to the date of expiration of the contract, the governing board of the charter school may apply for renewal of the contract.
- The application will be received and stamped by the Statewide Virtual Charter School Board at the address below. Ten (10) copies, as well as an electronic version of the application, are required.

Oklahoma Statewide Virtual Charter School Board
M. C. Connors Building

- The Statewide Virtual Charter School Board will consider the application at a subsequent board meeting.
- Prior to the board meetings, the Statewide Virtual Charter School Board will submit notice(s) of the date, time and location to the address of record in the application.
- Acceptance or rejection of renewal of sponsorship by the Statewide Virtual Charter School Board is required eight (8) months prior to expiration of charter contract.
- A written notification of acceptance or rejection of renewal of sponsorship by the Statewide Virtual Charter School Board will be mailed within five (5) business days of decision.
- If application for authorization is accepted, execution of a contract for sponsorship will begin. A charter contract similar to the template provided in Appendix G may be executed.
- If application for renewal of sponsorship is rejected, the written notification of rejection will outline reasons for the decision.
- If the Statewide Virtual Charter School Board denies a request for renewal, the charter school may proceed as allowed in statute and regulations.
- Should the decision to deny sponsorship be upheld, the Statewide Virtual Charter School Board and the charter school governing board will proceed with school closing procedures.

Reauthorization Process

In addition to the evidence and data in the Annual and Renewal Performance Framework Reports, the application for reauthorization is the school's opportunity to present other evidence that demonstrates the school's performance in each of the five areas listed below. It is the school's explanation of why the Statewide Virtual Charter School Board should renew the school's charter. The application should build upon the Performance Framework Report and provide credible evidence in each of the core component areas and data-driven information regarding the school's plans for the future. Plans should address strengths and successes, as well as acknowledge weaknesses and strategies for improvement. School leadership should view this process as an opportunity to advocate for the school, provide an analysis of achievement, note successes, explain weaknesses, demonstrate solutions and answer questions.

It is recommended that applicants refer to the Oklahoma Charter School Act and related statute and regulations for guidance in the application process. All applications for renewal of authorization as an Oklahoma virtual charter school submitted to the Statewide Virtual Charter School Board for their consideration must adhere to the requirements of state and federal statutes and regulations, as well as to the direction of this document.

Applications for renewal of sponsorship will be accepted and thoughtfully considered. The charter renewal decision will be based on the school's performance over the term of the current contract with consideration in each of the following areas and the school's service to specific populations of students.

- 1) *Faithfulness to the Foundation of the School Charter*
- 2) *Organizational Capacity*
- 3) *Financial Management*
- 4) *Academic Program and Performance*

SCHOOL CLOSURE **4**

School Closure Process

Final closure determination may be made as the result of voluntary or involuntary school closure decisions. This includes a decision of the charter school governing board to close the school, nonrenewal of a charter contract or termination of a charter contract.

The Statewide Virtual Charter School Board has developed revocation and nonrenewal processes consistent with the Oklahoma Charter Schools Act. These procedures provide the charter school with the following:

1. A timely notification of the prospect of revocation or nonrenewal and of the reasons for possible closure;
2. A reasonable amount of time to prepare and submit a response;
3. An opportunity to submit documents and give testimony in a public hearing challenging the rationale for closure and in support of the continuation of the school at an orderly proceeding held for that purpose and prior to taking any final renewal or revocation decision related to the school; and
4. After appropriate deliberations, a written response of the final determination.

In the event of a charter school closure determination, the Statewide Virtual Charter School Board will act to ethically and responsibly attend to school closing proceedings in accordance with statute and regulations and with the School Closure Protocol (Appendix G).

Routine Year-Round Compliance Review

C

Routine Year-Round Compliance Review

Oklahoma statute provides that the Statewide Virtual Charter School Board “shall provide oversight of the operations of statewide virtual charter schools in this state.” (70-3-145.3) In addition, the National Association of Charter School Authorizers (NACSA) in *Principles and Standards for Quality Charter School Authorizing* recommends authorizers “base the renewal process and renewal decisions on thorough analyses of a comprehensive body of objective evidence defined by the Performance Framework in the charter contract.” As such, the following school data shall be submitted to the Statewide Virtual Charter School Board through the Board’s online data collection system in accordance with the due dates listed.

Should the virtual charter school not be able to submit documents through the Statewide Virtual Charter School Board online data collection system, paper copies must be provided by the due date.

The routine year-round compliance review includes those documents that are considered as relevant evidence in the oversight of the virtual charter schools sponsored by the Statewide Virtual Charter School Board. Other school information may be requested and is expected to be provided to ensure the transparency required for the Board to fulfill its duties.

For any required document without a specific due date, it is the responsibility of the school to take all steps necessary to ensure submission of the document within the expected timeframe.

Performance Framework

Performance Framework

An Annual Performance Framework Report will be issued each fall. In addition, prior to the beginning of the fourth year of operation of a charter school, the sponsor shall issue a Renewal Performance Report and authorization renewal guidance to the school and the governing board (70-3-135 (C)). The Performance Framework Reports shall summarize the performance record of the charter school. The charter school shall have forty-five (45) days to respond to the Performance Framework Reports and submit any corrections or clarifications for the report.

The Performance Framework Report sets forth the academic and operational performance indicators, measures and metrics that will guide the evaluation of the charter school by the authorizer. Data is submitted through the year and informs the Performance Framework. Included in the framework are indicators, measures and metrics that address the following statutory requirements:

1. Student academic proficiency;
2. Student Academic growth;
3. Achievement gaps in both proficiency and growth between major student subgroups;
4. Student attendance;
5. Recurrent enrollment from year to year as determined by the methodology used for public schools in Oklahoma;
6. In the case of high schools, graduation rates as determined by the methodology used for public schools in Oklahoma;
7. In the case of high schools, postsecondary readiness;
8. Financial performance and sustainability; and
9. Governing board performance and stewardship, including compliance with all applicable laws, regulations and terms of the charter contract (70-3-135 (C)(9)).

Academic Performance Framework

The Academic Performance section of the Framework is developed to provide an assessment of the body of evidence required to determine the academic performance of the school. It is expected that the school will deliver an academic program that provides improved academic outcomes and education success for students. This should be accomplished through (1) a robust curriculum aligned to state academic standards and aligned both vertically and horizontally within the school, (2) instruction that includes best practices in online education and student engagement, (3) a formative assessment program that continually enables teachers, students, and parents to gage academic progress and learning gaps and create lessons to address student needs, and (4) a variety of student supports appropriate for online education.

A Performance Framework Index (PFI) score of 75% or higher calculated over the course of the charter contract term will result in renewal of authorization for a five (5) year term should the governing board of the charter school choose to submit a letter requesting reauthorization.

A Performance Framework Index (PFI) score of 60-74% or higher calculated over the course of the charter contract term is expected. However, an application for renewal of authorization is required for consideration by the Statewide Virtual Charter School Board.

A Performance Framework Index (PFI) score of less than 60% calculated over the course of the charter contract term places the charter school at risk of non-approval of the renewal for authorization. An application for reauthorization is required for consideration by the Statewide Virtual Charter School Board.

***NOTE:** In the event data is not available, the Statewide Virtual Charter School Board will designate corresponding score with “Not Applicable.”

Alternative Education Academic Performance Framework

The Academic Performance section of the Framework is developed to provide an assessment of the body of evidence required to determine the academic performance of the school. It is expected that the school will deliver an academic program that provides improved academic outcomes and education success for students. This should be accomplished through (1) a robust curriculum aligned to state academic standards and aligned both vertically and horizontally within the school, (2) instruction that includes best practices in online education and student engagement, (3) a formative assessment program that continually enables teachers, students, and parents to gauge academic progress and learning gaps and create lessons to address student needs, and (4) a variety of student supports appropriate for online education.

Alternative Education programs and classrooms seek to serve students who are not succeeding in the traditional educational setting. Often this population of learners exhibits one or more of the following traits: under-performing academically, possessing learning disabilities, displaying emotional or behavioral issues, being deliberate or inadvertent victims of the behavioral problems of others, displaying a high risk of potential expulsion, suspension, or dropping out of school, and/or displaying the need for individualized instruction. To better serve these students, the National Alternative Education Association (NAEA) has identified and crafted fifteen exemplary practices in the field. The Alternative Education Performance Framework reflect these research-based, recommended practices (<https://www.naea.org/>).

A Performance Framework Index (PFI) score of 60-74% or higher calculated over the course of the charter contract term is expected. However, an application for renewal of authorization is required for consideration by the Statewide Virtual Charter School Board.

A Performance Framework Index (PFI) score of less than 60% calculated over the course of the charter contract term places the charter school at risk of non-approval of the renewal for authorization. An application for reauthorization is required for consideration by the Statewide Virtual Charter School Board.

School Closure Protocol G

School Closure Protocol

In compliance with the Oklahoma Charter School Act and in an effort to ensure the responsibilities of the Statewide Virtual Charter School Board (SVCSB) are upheld, the following document will provide guidance in the closing of a virtual charter school. Protocol may be adjusted to accommodate additional tasks, a more appropriate timeline or for other reasons deemed necessary by the SVCSB.

Final closure determination may be made as the result of voluntary or involuntary school closure decisions. This includes a decision of the charter school governing board to close the school, nonrenewal of a charter contract or termination of a charter contract.

In the event of a voluntary closure by the school, the final closure determination occurs as of the date the charter school governing board votes to close the school. In the event of an involuntary closure of the school, the final closure determination occurs as of the date the final order is issued by the SVCSB.

Once a final school closure determination is made, the SVCSB will appoint a Closing Officer to provide oversight of school closure. Oversight responsibilities include management of the operational process of charter school closure, ensured continuation of appropriate educational services and transfer process for students and families and ensure the governing board of the charter school continues to meet as necessary to take actions needed to wind down school operations, manage school finances, allocate resources and facilitate all aspects of closure.

Under the oversight of the Closing Officer, the charter school is responsible for completing the tasks required for the closing of the school in a legal and orderly manner while continuing to operate the school and provide academic and other services to students and families. With the exception of the cost of the SVCSB Closing Officer, all expenses of school closure will be provided for through charter school funds.

The following School Closure Protocol will be implemented ten (10) days after the final order is issued and may be stayed by the Statewide Virtual Charter School Board in the event of a request for reconsideration or rehearing. Timeline for tasks may be adjusted to ensure student services are provided through the school closure process.

Should extenuating circumstances for school closure exist, the charter school could be closed immediately, requiring a separate or amended closure plan to safeguard students and the interest of the general public.

A sponsor may terminate a contract during the term of the contract for failure to meet the requirements for student performance contained in the contract, failure to meet the standards of fiscal management, violations of the law or other good cause. The sponsor shall give at least ninety (90) days' written notice to the governing board prior to terminating the contract. The governing board may request, in writing, an informal hearing before the sponsor within fourteen (14) days of receiving notice. The sponsor shall conduct an informal hearing before taking action. If a sponsor decides to terminate a

contract, the governing board may, if requested by the charter school, proceed to binding arbitration as provided for in subsection G of Section 3-134 of this title.

G. 1. Beginning in the 2016-2017 school year, the State Board of Education shall identify charter schools in the state that are ranked in the bottom five percent (5%) of all public schools as determined pursuant to Section 1210.545 of this title.

2. At the time of its charter renewal, based on an average of the current year and the two (2) prior operating years, a sponsor may close a charter school site identified as being among the bottom five percent (5%) of public schools in the state. The average of the current year and two (2) prior operating years shall be calculated by using the percentage ranking for each year divided by three, as determined by this subsection.

3. If there is a change to the calculation described in Section 1210.545 of this title that results in a charter school site that was not ranked in the bottom five percent (5%) being ranked in the bottom five percent (5%), then the sponsor shall use the higher of the two rankings to calculate the ranking of the charter school site.

4. In the event that a sponsor fails to close a charter school site consistent with this subsection, the sponsor shall appear before the State Board of Education to provide support for its decision. The State Board of Education may, by majority vote, uphold or overturn the decision of the sponsor. If the decision of the sponsor is overturned by the State Board of Education, the Board may implement one of the following actions:

- a. transfer the sponsorship of the charter school identified in this paragraph to another sponsor,
- b. order the closure of the charter school identified in this paragraph at the end of the current school year, or
- c. order the reduction of any administrative fee collected by the sponsor that is applicable to the charter school identified in this paragraph. The reduction shall become effective at the beginning of the month following the month the hearing of the sponsor is held by the State Board of Education.

5. A charter school that is closed by the State Board of Education pursuant to paragraph 4 of this subsection shall not be granted a charter by any other sponsor.

6. The requirements of this subsection shall not apply to a charter school that has been designated by the State Department of Education as implementing an alternative education program throughout the charter school.

7. In making a school site closure decision, the State Board of Education shall consider the following:

- a. enrollment of students with special challenges such as drug or alcohol addiction, prior withdrawal from school, prior incarceration or other special circumstances,
- b. high mobility of the student population resulting from the specific purpose of the charter school,

- c. annual improvement in the performance of students enrolled in the charter school compared with the performance of students enrolled in the charter school in the immediately preceding school year, and
- d. whether a majority of students attending the charter school under consideration for closure would likely revert to attending public schools with lower academic achievement, as demonstrated pursuant to Section 1210.545 of this title.

8. If the State Board of Education has closed or transferred authorization of at least twenty-five percent (25%) of the charter schools chartered by one sponsor pursuant to paragraph 4 of this subsection, the authority of the sponsor to authorize new charter schools may be suspended by the Board until the Board approves the sponsor to authorize new charter schools. A determination under this paragraph to suspend the authority of a sponsor to authorize new charter schools shall identify the deficiencies that, if corrected, will result in the approval of the sponsor to authorize new charter schools.

H. If a sponsor terminates a contract or the charter school is closed, the closure shall be conducted in accordance with the following protocol:

1. Within two (2) calendar weeks of a final closure determination, the sponsor shall meet with the governing board and leadership of the charter school to establish a transition team composed of school staff, applicant staff and others designated by the applicant that will attend to the closure, including the transfer of students, student records and school funds;
2. The sponsor and transition team shall communicate regularly and effectively with families of students enrolled in the charter school, as well as with school staff and other stakeholders, to keep them apprised of key information regarding the closure of the school and their options and risks;
3. The sponsor and transition team shall ensure that current instruction of students enrolled in the charter school continues per the charter agreement for the remainder of the school year;
4. The sponsor and transition team shall ensure that all necessary and prudent notifications are issued to agencies, employees, insurers, contractors, creditors, debtors and management organizations; and
5. The governing board of the charter school shall continue to meet as necessary to take actions needed to wind down school operations, manage school finances, allocate resources and facilitate all aspects of closure.

I. A sponsor shall develop revocation and nonrenewal processes that are consistent with the Oklahoma Charter Schools Act and that:

1. Provide the charter school with a timely notification of the prospect of revocation or nonrenewal and of the reasons for possible closure;
2. Allow the charter school a reasonable amount of time in which to prepare a response;
3. Provide the charter school with an opportunity to submit documents and give testimony in a public hearing challenging the rationale for closure and in support of the continuation of the school at an orderly

proceeding held for that purpose and prior to taking any final nonrenewal or revocation decision related to the school;

4. Allow the charter school access to representation by counsel to call witnesses on its behalf;

5. Permit the recording of the proceedings; and

6. After a reasonable period for deliberation, require a final determination be made and conveyed in writing to the charter school.

J. If a sponsor revokes or does not renew a charter, the sponsor shall clearly state in a resolution the reasons for the revocation or nonrenewal.

K. 1. Before a sponsor may issue a charter to a charter school governing body that has had its charter terminated or has been informed that its charter will not be renewed by the current sponsor, the sponsor shall request to have the proposal reviewed by the State Board of Education at a hearing. The State Board of Education shall conduct a hearing in which the sponsor shall present information indicating that the proposal of the organizer is substantively different in the areas of deficiency identified by the current sponsor from the current proposal as set forth within the charter with its current sponsor.

2. After the State Board of Education conducts a hearing pursuant to this subsection, the Board shall either approve or deny the proposal.

3. If the proposal is denied, no sponsor may issue a charter to the charter school governing body.

L. If a contract is not renewed, the governing board of the charter school may submit an application to a proposed new sponsor as provided for in Section 3-134 of this title.

M. If a contract is not renewed or is terminated according to this section, a student who attended the charter school may enroll in the resident school district of the student or may apply for a transfer in accordance with Section 8-103 of this title.

As used in this section, “unlawful reprisal” means an action that is taken by a board of education or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to an employee or an education program.

§70-3-140. Eligible Students - Discrimination - Limit on Number of Students

A. Except for a charter school sponsored by the State Board of Education, a charter school shall enroll those students whose legal residence is within the boundaries of the school district in which the charter school is located and who submit a timely application, or those students who transfer to the district in which the charter school is located in accordance with Section 8-103 or 8-104 of this title, unless the number of applications exceeds the capacity of a program, class, grade level, or building. Students who reside in a school district where a charter school is located shall not be required to obtain a transfer in order to attend a charter school in the school district of residence. If capacity is insufficient to enroll all eligible students, the charter school shall select students through a lottery selection process. Except for a charter school sponsored by the State Board of Education, a charter school shall give enrollment preference to eligible students who reside within the boundaries of the school district in which the charter school is located. C. A charter school may designate a specific geographic area within the school district in which the charter school is located as an academic enterprise zone and may limit admissions to students who reside within that area. An academic enterprise zone shall be a geographic area in which sixty percent (60%) or more of the children who reside in the area qualify for the free or reduced school lunch program.

D. Except as provided in subsections B and C of this section, a charter school shall not limit admission based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measures of achievement, aptitude, or athletic ability.

E. A sponsor of a charter school shall not restrict the number of students a charter school may enroll. §70-3-142. State-Appropriated Funding - Funding from Non-State Sources - Charter School Closure Reimbursement Revolving Fund

A charter school shall receive the State Aid allocation, federal funds to which it is eligible and qualifies for and any other state-appropriated revenue generated by its students for the applicable year. Not more than three percent (3%) of the State Aid allocation may be charged by the sponsor as a fee for administrative services rendered. The State Board of Education shall determine the policy and procedure for making payments to a charter school. The fee for administrative services as authorized in this subsection shall only be assessed on the State Aid allocation amount and shall not be assessed on any other appropriated amounts. A sponsor of a charter school shall not charge any additional State Aid allocation or charge the charter school any additional fee above the amounts allowed by this subsection unless the additional fees are for additional services rendered. The charter school

sponsor shall provide to the State Department of Education financial records documenting any state funds charged by the sponsor for administrative services rendered for the previous year.

B. 1. The weighted average daily membership for the first year of operation of a charter school shall be determined initially by multiplying the actual enrollment of students as of August 1 by 1.333. The charter school shall receive revenue equal to that which would be generated by the estimated weighted average daily membership calculated pursuant to this paragraph. At midyear, the allocation for the charter school shall be adjusted using the first quarter weighted average daily membership for the charter school calculated pursuant to subsection A of this section.

2. For the purpose of calculating weighted average daily membership pursuant to Section 18-201.1 of this title and State Aid pursuant to Section 18-200.1 of this title, the weighted average daily membership for the first year of operation of a full-time statewide virtual charter school sponsored by the Statewide Virtual

The full-time virtual charter school shall receive revenue equal to that which would be generated by the estimated weighted average daily membership calculated pursuant to this paragraph. At midyear, the allocation for the full-time statewide virtual charter school shall be adjusted using the first quarter weighted average daily membership for the virtual charter school calculated pursuant to subsection A of this section.

C. Except as explicitly authorized by state law, a charter school shall not be eligible to receive state-dedicated, local or county revenue; provided, a charter school may be eligible to receive any other aid, grants or revenues allowed to other schools. A charter school shall be considered a local education agency for purposes of funding.

D. Any unexpended funds received by a charter school may be reserved and used for future purposes. The governing body of a charter school shall not levy taxes or issue bonds. If otherwise allowed by law, the governing body of a charter school may enter into private contracts for the purposes of borrowing money from lenders. If the governing body of the charter school borrows money, the charter school shall be solely responsible for repaying the debt, and the state or the sponsor shall not in any way be responsible or obligated to repay the debt.

E. Any charter school which chooses to lease property shall be eligible to receive current government lease rates.

F. Except as otherwise provided in this subsection, each charter school shall pay to the Charter School Closure Reimbursement Revolving Fund created in subsection G of this section an amount equal to Five Dollars (\$5.00) per student based on average daily membership, as defined by paragraph 2 of Section 18-107 of this title, during the first nine (9) weeks of the school year. Each charter school shall complete the payment every school year within thirty (30) days after the first nine (9) weeks of the school year. If the Charter School Closure Reimbursement Revolving Fund has a balance of One Million Dollars (\$1,000,000.00) or more on July 1, no payment shall be required the following school year.

G. There is hereby created in the State Treasury a revolving fund for the State Department of Education to be designated the "Charter School Closure Reimbursement Revolving Fund". The fund shall be a continuing

fund, not subject to fiscal year limitations, and shall consist of all monies received by the State Department of Education from charter schools as provided in subsection F of this section. All monies accruing to the credit of said fund are hereby appropriated and may be budgeted and expended by the State Department of Education for the purpose of reimbursing charter school sponsors for costs incurred due to the closure of a charter school. Expenditures from said fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment. The State Department of Education may promulgate rules regarding sponsor eligibility for reimbursement.

The Statewide Virtual Charter School Board (SVCSB) makes publicly available a list of supplemental online courses which it has reviewed and/or certified to ensure that the courses are high quality options and are aligned with the subject matter standards approved by the State of Oklahoma. In conjunction with the Office of Management and Enterprise Services (OMES), the SVCSB negotiates with online course providers to offer a state rate price to school districts for supplemental online courses. These rules have been adopted for the purpose of implementing policy and procedures pursuant to Oklahoma Statute Title 70, Section 3-145.3.

777:15-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Course provider" means an entity that meets eligibility requirements and provides an online course to Oklahoma school districts.

"Course review" means the process conducted by content and pedagogical experts to ensure courses recommended for certification by the SVCSB meet the established standards.

"Oklahoma Online Course Catalog" means a publicly available listing of courses certified (or pending review) by the SVCSB available through approved Course Providers.

"Online course" means an educational course in which instruction and content are delivered primarily over the Internet. A student and teacher are in different locations for a majority of the student's instructional period, most instructional activities take place in an online environment, the online instructional activities are integral to the academic program, consistent communication between a student and a teacher and among students is emphasized, and a student is not required to be located on the physical premises of a public school district. An online course is the equivalent of what would typically be taught in one semester.

"Receiver district" means an Oklahoma public school district that has students enrolled in the district who take one or more online courses.

777:15-1-3. Application for course certification

- (a) To have a course(s) listed in the Oklahoma Online Course Catalog, Course Providers must first be approved as vendors through the Oklahoma Management and Enterprise System (OMES) and enter into a contract with the state.
- (b) Once the online provider is registered as a state vendor, OMES and the SVCSB will negotiate and enter into a contract with the approved vendor to provide online courses at a state rate.

777:15-1-4. Pricing

Each course offered through the Oklahoma Online Course Catalog must be offered at a price that does not exceed the lowest price at which the course is offered for use or sale to any state, public school, or school district in the United States. The price of any course or item or service for the course must automatically be reduced to the extent that, and at the same time as, the price is reduced or offered for a lesser fee elsewhere in the United States. A course or item or service for the course must be provided free of charge or at a price discount to the same extent that it is provided to any state, public school, or school district anywhere in the United States.

777:15-1-5. Course review requirements

- (a) Online Course Providers must supply the following at the time of course review:

 - (3) Number of students who may be admitted to the course per instructor;
 - (4) Explanation of the alignment between Oklahoma content standards and course content and assignments;

If substantive changes are made to a course since its last certification, it must be submitted for review regardless of its current status in the review cycle. Substantive changes would include altering the intended course outcomes, significantly changing instructional strategies or assessment protocols used in the course as a whole, or any revision that impacts standards alignment. Only courses certified (or pending review) by the Statewide Virtual Charter School Board will be accepted into the Oklahoma Online Course Catalog.
- (c) Course Providers whose courses have undergone review and approval by a recognized third-party entity must provide the results of those reviews. Depending on the results of the external review, a course may be recommended for state certification with no additional review or with a modified review process (e.g. review only for alignment to state standards).
- (d) Course Providers of Advanced Placement (AP) courses must provide the results of their College Board AP Course Audit and Authorization. No other course evaluation will be conducted for AP Courses. Online Providers must provide evidence annually of AP Authorization Renewal.

777:15-1-6. Course review and certification process

- (a) All approved vendors will have the online courses they submitted published in the Oklahoma Online Course Catalog and reviewed according to the schedule adopted by the SVCSB.
- (b) Course reviews will be conducted by content experts and pedagogical experts selected by the SVCSB. Courses will be evaluated using rubrics to determine alignment with the current academic standards approved by the State of Oklahoma (or nationally/ internationally accepted content standards set for courses whose content is not included in state standards) and national standards for quality in online course design. Course Providers whose courses have undergone review and approval by a recognized third-party entity must provide the results of those reviews. Depending on the results of the external review, a course may be recommended for state certification with no additional review or with a modified review process (e.g. review only for alignment to state standards). Online Course Providers of Advanced Placement (AP) courses must provide the results of the AP Course Audit and Authorization. No other course evaluation will be conducted for AP Courses. Online Providers must provide evidence annually of AP Authorization Renewal.
- (c) If results of the initial review suggest that a course will not be recommended for certification, the Course Provider will be contacted with the review results and will have fifteen (15) calendar days to revise material or provide additional information pertinent to the review. These revisions will be examined by the course reviewers and, if appropriate, the rubric scores will be modified. Once the course review is complete, results of the evaluation will be presented to the Statewide Virtual Charter School Board (SVCSB). The SVCSB will consider the evidence and vote whether to certify or not certify the course. The decision will be made on a simple majority vote. If the SVCSB votes to not certify a course, the course will be removed from the Oklahoma Online Course Catalog and the Course Provider will be notified of the reasons the course was not certified. The Course Provider may revise the course and resubmit for additional Course Review and certification consideration. Resubmitted courses will be reviewed after all submitted courses have undergone an initial review. Courses approved will be certified for a five-year period. After which, Course Providers must apply for renewal. Course Providers shall take all steps necessary to verify the qualifications of non-employee instructors.
 - (5) Notify SVCSB in writing within ten (10) working days if for any reason an online instructor no longer meets the requirements to teach a course offered. The name and credentials of the replacement instructor must also be provided at that time.

Course Providers shall provide written notice of any planned modification in sufficient detail for SVCSB Course Reviewers to determine whether the course continues to satisfy all requirements. Failure to obtain written approval may result in removal of the course from the approved catalog.
 - (10) Ensure that each certified course is maintained throughout the duration that the course is offered and continues to meet the current academic standards approved by the State of Oklahoma; national standards for quality in online course design; and Oklahoma's Information Technology Accessibility Standards.
 - (11) Employ the appropriate course title and subject code as established by the Oklahoma State Department of Education's approved Subject Codes for the appropriate academic year for the purpose of data collection.
 - (12) Report aggregate student success data to the SVCSB in the requested format and by the timeline set. The SVCSB does not collect individual student information. By August 1 of each year, the Course Provider will report the following aggregate student success data to the SVCSB:
 - (A) Total number of unique Oklahoma students;
 - (B) Total number of courses taken by Oklahoma students;
 - (C) Number of students in each course (both overall number and Oklahoma students); and
 - (D) Successful completion rate (number and percent) of each course (i.e. X#/60% of students enrolled in X successfully completed the course). Include both overall rates and Oklahoma-specific rates.
- (b) Course providers will be notified if a course(s) is found to be noncompliant and will have fifteen (15) business days after notification to bring the course(s) into compliance. If the course(s) is still noncompliant at the end of this period, the course certification will be revoked and the course will be removed from the Oklahoma Online Course Catalog.

777:15-1-8. Process for course certification renewal

Courses that remain in good standing are certified for a period of five years. Course Providers may apply for renewal of their course certification six months prior to the completion of the course approval period. Course Providers will notify the SVCSB of their intent to apply for renewal by submitting all documents listed in the Course Review Requirements. Course Providers who have maintained their "good standing" status throughout the course approval period will have their courses reviewed and considered for certification following a similar procedure as their initial Course Review and Certification Process. Aggregate student success data will be considered in renewal decisions. Additionally, the SVCSB may survey districts to collect satisfaction data and those data may also be considered in renewal decisions. Course Providers who have not maintained a "good standing" status must provide documentation explaining the lapse in "good standing" status and the protocols that are in place to prevent such a lapse in the future.

777:15-1-9. SVCSB responsibilities

The SVCSB shall:

- (1) Ensure that all courses listed in the Oklahoma Online Course Catalog are reviewed according to the stated requirements.
- (2) Notify the Course Providers of changes in current academic standards approved by the State of Oklahoma; national standards for quality in online course design; and Oklahoma's Information Technology Accessibility Standards, or other standards that prompt the need for course revisions. Such notification is a courtesy and does not negate the responsibility of the Course Providers to maintain currency with regard to these standards.
- (3) Maintain accurate information in the Oklahoma Online Course Catalog.
